

To FiveFingers® New Zealand consumers,

We want to inform you about our efforts to fight the sale of counterfeit merchandise, a serious menace that has recently surfaced after the success of our authentically unique Vibram Fivefingers®.

Fake merchandise and trademarks have started to appear recently within the New Zealand marketplace. Often sold from unauthorised or fraudulent Vibram or FiveFingers® websites.

Purchasing only authentic Vibram FiveFingers® ensures that you avoid wasting your money on poor quality product, or worse, having your personal and financial information compromised. In addition, insisting on authentic Vibram FiveFingers® supports fair labour and ethical business practices, responsibilities counterfeiters flagrantly ignore.

Please refer to this website to:

- Find the list of authorised Vibram FiveFingers® retailers using our where to buy page.
- Verify our phone number, address, and contact information; many counterfeit sites won't provide this information.
- Verify the stockist of colours and styles we produce.

If you have any questions or concerns about suspicious websites, on-line discount sales or counterfeits of Vibram FiveFingers® designs please contact us at info@fivefingers.co.nz

Thank you for your cooperation and continued support.

Barefoot Inc Ltd
The New Zealand distributors for Vibram FiveFingers®

Special Note:

We have identified one site in particular that is attempting to sell counterfeit FiveFingers® and other fake merchandise to unsuspecting Kiwi's
